

Summary notes from the 8.3.23 SC Midlands ARES Training Net

Check-ins – Thanks everyone who checked in to the net Thursday, August 3!

If you missed last night, please take a minute and review these summary notes.

Also, please try to make the Thursday August 10 net (**and future nets**) at 8:30 PM on the 147.330 repeater.

The screenshot shows the NetLogger 3.1.5 - STANDALONE interface. At the top, there's a menu bar (File, View, Edit, Setup, Function, eLogs, Help) and a status bar (UTC 15:44). Below that, there's a 'Net Status and Control' section with fields for Net (SC Midlands ARES Training Net), Profile (YSystem), Timeout, Operator (KN4KRZ-MARK), Frequency (147.330), Mode (FM), Band (2m), NCS (K04WAA), and Logger (KN4KRZ). There are buttons for 'Select Net', 'Create Net', 'AIM Window', 'View Monitors', and 'Log Contact'. The main part of the screenshot is a 'Check-ins' table with columns: embId, Call Sign, State, M/P, Remarks, QSL Info, City, Status, RST Rcvd, RST Sent, County, Name, Grid Square, Street, and Zip. The table contains 16 rows of check-in data.
